

****Warranty, Installation, and Deposit Policy for Android ATC Hardware and Accessories: ****

1. **Warranty Coverage: **

- All Android ATC hardware components, including LCD and modules, are covered by a warranty period of 13 months from the date of purchase.

- Accessories such as GPS receivers, external microphones, Bluetooth microphones, GSM receivers, wiring harnesses, Canbus, adapters for video/HDMI, front cameras, reverse cameras, switches, and other accessories, excluding the main unit and LCD, are warranted for a period of 6 months.

2. **Installation Warranty: **

- Installation of the purchased equipment is warranted for a period of ONE (1) month from the date of installation. Any service requested after this period will be subject to applicable charges.

3. **Deposit Policy: **

- A nonrefundable deposit of SGD\$300 minimum is collected for the headunit at the time of purchase.

- In the event that the device stock is available, failure to collect within **3 months**, the device or defer installation for any reason will result in the forfeiture of the deposit, unless the full amount of the device (minus any installation fees) has been paid.

4. **Software/Firmware Warranty: **

- No warranty is provided for third-party software installed.

- Free updates are available for the first 23 months from the date of purchase. After this period, service fees starting from \$30 will be applicable for each update or service rendered. Fees for similar updates performed within the same month will be waived. Aestmod ATC reserves all rights to modify the above terms as necessary.

We aim to ensure the satisfaction and protection of our customers' investments in Android ATC hardware. Please adhere to the specified warranty, installation, and deposit policies outlined above. Should you have any further inquiries or require assistance, feel free to contact our customer service team.
